Dear Red Wing Shoes Industrial Customer,

Red Wing Shoe Company is issuing a voluntary recall for certain US Made, Red Wing brand safety toe work boots. During our normal quality control tests, we discovered that the steel toe cap from our European-based supplier could fail to protect the wearer's feet in an impact. We have received no reports of the toe not withstanding impact and no reports of personal injury. We are conducting this recall in cooperation with the U.S. Consumer Product Safety Commission and Health Canada.

Our records show your company has purchased some of the boots covered under this recall and some of these boots are being used by your employees. We have included in this mailing a list of your employees who may be wearing affected boots as indicated by our records regarding your company. We ask that you present the listed employees a copy of the notification letter (enclosed) which outlines the steps your employees need to follow to participate in this recall.

We have also included in this mailing a poster that details all boots affected by this recall for you to display in an employee area where it can be seen by your workforce.

Please note that only certain Red Wing styles, sizes and widths are affected by this recall. To see a full list of affected styles, please visit [www.redwingshoes.com/safetynotice](http://www.redwingshoes.com/safetynotice) or review the product list on the enclosed poster.

We are striving to make this process as non-disruptive as possible for your company and urge your employees with potentially-affected product to contact the nearest Red Wing Store or Red Wing retailer in order to receive a pair of replacement boots.

Red Wing Shoe Company thanks you for your cooperation and patience during this situation and we apologize for any inconvenience this recall may cause. Should you have any questions or concerns, please do not hesitate to contact your Red Wing Shoe representative or call 800-328-9453.
