350+ GIBSON ELECTRIC CONSTRUCTION WORKERS WEAR PINK HARD HATS AT CHICAGOLAND’S JOB SITES

**---Creates Visual “Call to Action”
During Breast Cancer Awareness Month for
EMCOR’s “Protect Yourself. Get Screened Today” Campaign---**

DOWNERS GROVE, IL – October 2, 2013 – [Gibson Electric & Technology Solutions](#) proudly announces that 350+ of its electrical construction workers are wearing EMCOR Pink Hard Hats at multiple job sites throughout Chicagoland, such as Palos Community Hospital for the entire month of October, Breast Cancer Awareness Month, in a "Call to Action" supporting breast cancer awareness as part of [EMCOR's "Protect Yourself. Get Screened Today"](#) Campaign.

A market leader as a commercial electrical and telecommunications contractor, Gibson Electric & Technology Solutions is a subsidiary of [EMCOR Group, Inc.](#) (NYSE: EME), a Fortune 500® leader in mechanical and electrical construction, industrial and energy infrastructure, and facilities services for a diverse range of businesses.

Gibson branded EMCOR Pink Hard Hats will be seen by thousands of people as its electrical construction workers work throughout Chicagoland. Gibson’s employees are joined by thousands of other EMCOR employees coast to coast who are wearing Pink Hard Hats during October at hundreds of construction sites---ranging from hospitals, roadways, malls, and high tech companies, to universities, military bases, and hotels.

The “multiplier effect” continues, as thousands of more people are reached with the “*Protect Yourself. Get Screened Today*” message as the Pink Hard Hats go home each night with EMCOR’s employees and is seen by spouses, daughters, sisters, neighbors, friends, etc.

Additionally, Gibson’s service vehicles, plus EMCOR’s fleet of 7,000+ service vehicles, are displaying Pink Hard Hat posters carrying the “*Protect Yourself. Get Screened Today.*” message to millions more people throughout streets coast to coast the entire month of October.

Gibson’s comprehensive Pink Hard Hat campaign also includes special Pink Hard Hat animated emails sent to clients and Pink Hard Hat Stickers on hard hats, clothing, etc.

“We’re delighted to be participating in EMCOR’s 5th consecutive year of conducting this national initiative,” stated Dan Fitzgibbons, President & CEO, Gibson Electric & Technology Solutions. “Our

employees wear hard hats on a daily basis for personal protection, and we're proud of their commitment to wear an EMCOR Pink Hard Hat throughout October to raise awareness for breast cancer and how women and men can help to protect themselves by getting screened."

EMCOR and its clients are forming giant human Pink Hard Hat Ribbons, EMCOR's "signature" event, in 5 locations across the U.S.

About Gibson Electric & Technology Solutions

Gibson Electric & Technology Solutions is one of Chicagoland's largest and most respected electrical and telecommunications contractors and one of the few electrical contractors to be ISO 9001:2008 certified. The company specializes in design/assist installation as well as maintenance of electrical, network, data center cabling and telecommunications systems for special purpose facilities, including mission critical data centers, tenant build-outs, trading floors, high rises, call centers, hospitals, hotels, stadiums, airports, and toll ways. Headquartered in Downers Grove, IL, Gibson Electric & Technology Solutions is a subsidiary of EMCOR Group, Inc. (NYSE: EME), a Fortune 500 company with estimated 2013 revenues of ~\$6.6B. EMCOR is a leader in mechanical and electrical construction, energy infrastructure, and facilities services and a provider of critical infrastructure systems. EMCOR gives life to new structures and sustains life in existing ones by its planning, installing, operating, maintaining, and protecting the sophisticated and dynamic systems that create facility environments---such as electrical, mechanical, lighting, air conditioning, heating, security, fire protection, and power generation systems---in virtually every sector of the economy and for a diverse range of businesses, organizations and government. EMCOR represents a rare combination of broad reach with local execution, combining the strength of an industry leader with the knowledge and care of 170 locations. The 28,000+ skilled employees of EMCOR have made the company, in the eyes of leading business publications, amongst the "World's Most Admired" and "Best Managed". EMCOR's diversity---in terms of the services it provides, the industries it serves and the geography it spans---has enabled it to create a stable platform for sustained results. The Company's strong financial position has enabled it to attract and retain among the best local and regional talent, to undertake and complete the most ambitious projects, and to redefine and shape the future of the construction and facilities services industry. Additional information on EMCOR can be found at www.EMCORgroup.com.

This release may contain certain forward-looking statements within the meaning of the Private Securities Reform Act of 1995. Any such comments are based upon information available to EMCOR management and its perception thereof, as of this date, and EMCOR assumes no obligation to update any such forward-looking statements. These forward-looking statements may include statements regarding market opportunities, market share growth, gross profit, backlog mix, projects with varying profit margins, and selling, general and administrative expenses. These forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from the forward-looking statements.

Accordingly these statements are no guarantee of future performance. Such risk and uncertainties include, but are not limited to, adverse effects of general economic conditions, changes in the political environment, changes in the specific markets for EMCOR's services, adverse business conditions, availability of adequate levels of surety bonding, increased competition, unfavorable labor productivity and mix of business. Certain of the risks and factors associated with EMCOR's business are also discussed in the Company's 2012 Form 10-K and in other reports filed from time to time with the Securities and Exchange Commission. All these risks and factors should be taken into account in evaluating any forward-looking statements.
